TO WHOM SO EVER IT MAY CONCERN

This is to certify that **VAGGE SNEHA** (20054-EC-110) from Government Institute of Electronics (Secunderabad) has undergone Training in Proimagination from 01st Dec 2022 to 31st May 2023. During this period she has worked for the project titled **Traffic lights control system with Python language for GHMC** under the guidance of Sagar. She has completed the work on her own ideas and contributed at the same time for the growth of the organization.

She has exhibited good capabilities with responsibility in the work allotted. She is very sincere and hardworking and is dedicated to her given work. She never ran away from her challenges and never shrank from her duties and responsibilities.
